

COASTAL ISLAND FISHING ADVENTURES

... Your Adventure Starts Here!

Our commitment since day one is to provide you with an exciting and enjoyable, yet a memorable and relaxing experience.

*Campbell River's most recommended
choice in Guided Sport Fishing!*

Newsletter February 1, 2010

Coastal Island Fishing Adventures thanks everyone who joined us this past year and appreciates the effort of getting friends, family and co-workers together to fill the boats for the summer. We hope that your efforts were rewarded with good weather and great fishing.

For those of you who haven't yet booked, Karin, Chris, Eric and I would like to extend our personal invitation to come and enjoy the 2010 fishing season with us. If you have any questions or simply would like a fishing report just give us a call or email us anytime. We look forward to another great year of fishing and having you aboard to share in the excitement!

As the economy turns around we look forward to meeting up with past friends who couldn't make it this past year and look forward to meeting new friends and share with you a *Coastal Island Fishing Adventure!*

In Campbell River winters are never the same. This time last year we were up to our knees in snow and ice, but this winter we are experiencing calm, mild winter weather that is conducive to winter spring fishing and prawning. The weather the next few weeks continues to show this trend. We have been out many times so far this winter with great success! **So far, all indications show 2010 is looking to follow 2009 as a solid year of fishing.**

We have exciting new additions to our website including recipes and seafood preparation tips. There are also photos highlighting the 2009 season. If you have any great recipes or photos from 2009 we would love to see them.

**It's time to go fishing!
Space is filling, be sure to book early to avoid disappointment.
We look forward to seeing you in 2010!**
