With summer full steam ahead it's time to start thinking about this year's vacation and more importantly *going fishing!* If it's the guys' trip, the girls' trip or a family trip we are more than happy to accommodate and customize a fishing trip to suit your needs.

We still have some great dates available and I am motivated to move them, so give us a call & let's go Fishing!

The Chinook/King salmon fishing has been very good to excellent over the last few weeks and the outlook for Chinook, Coho, Sockeye and Chum salmon to be good to excellent for the rest of the summer why wait Let's Go Fishing!.

As the economy turns around we look forward to meeting up with past friends who couldn't make it this last year and we look forward to meeting new friends and share with you a *Coastal Island Fishing Adventure!* For those of you who haven't yet booked, Chris, Eric, Rick and I would like to extend our personal invitation to come and enjoy the 2010 fishing season with us. If you have any questions or simply would like a fishing report just give us a call or email us anytime. We look forward to another great year of fishing and having you aboard to share in the excitement!
