

# COASTAL ISLAND FISHING ADVENTURES

... *Your Adventure Starts Here!*

Our commitment since day one is to provide you with an exciting and enjoyable, yet a memorable and relaxing experience.

June 15, 2009

*Campbell River's most recommended  
choice in Guided Sport Fishing!*

Newsletter

Coastal Island Fishing Adventures welcomes you to Campbell River. As we enter the second week of June the fishing has ramped up with a good population of Chinooks averaging 15 - 20 lbs. Over the last few days our guests have enjoyed several fish up to 27 lbs. We have been finding fish at the Lighthouse, the Hump, down along Shelter to Salmon point and out into the Deep/Shipping Lane, over to Cortes Bay and Twin Islands. As part of an adventure filled day with Coastal Island Fishing Adventures we are dropping the prawn traps with good success along the back side of Quadra over to Marina and Cortes Island. What a great way to wrap up a days fishing than with fresh prawns dipped in garlic butter!

North of the Narrows, we have seen larger numbers of Chinook showing up. Brown's & Deepwater Bay has had a decent bite over the last couple of days primarily on the flood tide with fish in the 15 – 25 lb range. With our trips north we will drop crab traps in search of the very delicious of Dungeness crab. Since the opening of Lingcod & Rock Fish on the 1st of May we have had great success with lingcod up to 30lbs (WOW) this adds some "reel" excitement to a great day on the water.

As we look towards July & August Department fishery's is forecasting excellent returns of Sockeye, Pinks to go with an already good Chinook run and let's not forget the Coho/silvers and the Chums which is becoming one of the most exciting fisheries.

Salmon fishing, prawning, crabbing and/or bottom fishing – the choice is yours with Coastal Island Fishing Adventures and we look forward to sharing with you with the thrill of the catch!

*Campbell River's most recommended*

*Something you can't miss this year.....*

*choice in Guided Sport Fishing!*

Our fishing in mid-September through October allowed us to take part in what is becoming one of the most talked about salmon fisheries - Chum. For consistency, size and strength these are a fabulous fish! Many guests hooked as many as twenty Chums a day and Coho salmon averaging 12 to 15lbs! For those who have experienced this you know what I am talking about, those who haven't, you don't know what you're missing! Many people think there are no fish around to catch in October, think again! I guarantee you won't regret one minute of it. **And to prove it we are offering a special that you can't afford to miss. Book a six hour trip and get the 7th & 8th hour for free... October 10 – 31st 2009**

There are plenty of great accommodations available in both Campbell River & Quadra Island and we are more than happy to help find one to suit both your needs and budget.

Over the last few weeks we have seen a large increase in both inquires and bookings. It looks like the world isn't coming to an end after all. Coastal Island Fishing Adventures is grateful to everyone who has booked this year and appreciates the effort of getting friends, family and co-workers together, to fill the boats for this summer. We hope that your efforts will be rewarded with good weather and great fishing. For those of you who haven't yet booked, Karin, Chris, Eric and I would like to extend our personal invitation to come and enjoy the 2009 fishing season with us. If you have any questions or simply would like a fishing report just give us a call or email us anytime. We look forward to another great year of fishing and having you aboard to share in the excitement.
