

COASTAL ISLAND FISHING ADVENTURES
... Your Adventure Starts Here!

Our commitment since day one is to provide you with an exciting and enjoyable, yet a memorable and relaxing experience.

*Campbell River's most recommended
choice in Guided Sport Fishing!*

Newsletter September 1, 2010

With September now upon us, it's not time to put away those fishing rods yet! Fishing in the area is still in full swing and only weeks away from the start of the Chum Salmon run through the area. **Which reminds me we have a fall Special on the website which includes a FREE HOUR OF FISHING!**

If it's the guys' trip, the girls' trip or a family trip we are more than happy to accommodate and customize a fishing trip to suit your needs.

We still have some great dates available and I am motivated to move them, so give us a call & let's go Fishing!

The Chinook/King salmon fishing has been very good to excellent over the last few weeks and the outlook for Chinook, Coho, Sockeye and Chum salmon to be good to excellent for the rest of the way, Let's Go Fishing!.

Straight to the Point,
Fishing has been great.

Come' on let's go fishing!
