

COASTAL ISLAND FISHING ADVENTURES

... Your Adventure Starts Here!

Our commitment since day one is to provide you with an exciting and enjoyable, yet a memorable and relaxing experience.

*Campbell River's most recommended
choice in Guided Sport Fishing!*

Fishing Report – July 15, 2010

Coastal Island Fishing Adventures welcomes you to Campbell River. As we hit the middle of July fishing continues to be strong, with a good population of Chinooks Averaging 12 - 25lbs with a few tipping the scale at 27lbs. We have been finding fish down along Shelter to Salmon point and out into the Deep/Shipping Lane.

North of the Narrows, Is coming on strong with Chinook up in the 18 – 25lb range, Coho 6 – 10lbs and we should start to some Pink & Sockeye showing up in good numbers . Brown's, Deepwater Bay, Chatem Point, Greensea Bay, Hull Point. With our trips north we will drop crab traps in search of the very delicious of Dungeness crab upon request. Since the opening of Lingcod & Rock Fish on the 1st of May we have had great success with lingcod up to 35lbs (WOW) this adds some "reel" excitement to a great day on the water.

Salmon fishing, prawning, crabbing and/or bottom fishing – the choice is yours with Coastal Island Fishing Adventures. We look forward to sharing with you with the thrill of the catch!

It's time to go fishing!

Space is filling, be sure to book early to avoid disappointment.

We look forward to seeing you in 2010!
